

Broughton Preschool – November 2025 Newsletter

Welcome

We're looking forward to another fun and exciting half term as we continue exploring the wonders of autumn and begin our journey toward the winter season. The children will be enjoying more autumn walks, discovering new seasonal treasures, and taking part in a variety of creative activities inspired by the changing weather and landscapes around us.

As the days become colder and wetter, please ensure your child comes to Preschool with a waterproof coat, hat and gloves so they can stay warm and comfortable during outdoor play and adventures. Mittens might be easier for some children to wear. Puddle suits and wellies are recommended for when it is really wet outside. We always have spare waterproof puddle suits and wellies if children need to borrow them.

Gentle reminders

Please bring a named water bottle filled with water for your child which will be filled up throughout the day. Make sure bottles and any other items are all labelled to avoid anything going missing. Please can children only bring a small comfort toy into Preschool only if they need it to help them settle, as this prevents items getting lost or damaged.

Medication and Illness

If your child requires Calpol please keep them at home until they feel better as per our policy. Any antibiotics prescribed are required to be in your child's system for 24 hours prior to being administered at preschool. Furthermore, if your child had been sick or had diarrhoea, please ensure that they stay at home for 48 hours in line with our policy. Please remember to let us know via telephone or Class Dojo if your child is absent.

If you have any queries or concerns, please speak to a member of our team.

Updates and Useful Websites

We would love to have any parent/carers visit our Preschool if they have a specific skill or interest to share. This could include reading stories, doing sports or exercises, or talking about their job or hobbies.

If any parents would like a progress check meeting to see how their child is developing, please speak to your key worker to arrange a meeting.

Online Support for All Families:

Tiny Happy People (CBeebies Parenting) - A great website with reputable advice on child development and well-being.
